To the children and their parents,

It has been my honor and privilege to work with such a great group of families over the last seven years. When I feel down about things going on in the world, I see the love and kindness in the children's hearts and am reminded there is so much good in the world.

As a group we have tried new things together like going to the police crime lab., filling Christmas child and Jarod boxes, and trying our hands at cooking, magic and science (not everything worked out as we planned). We learned more about God's love and many stories in the

Bible. Together we learned how to play the bells, which made me so excited.

I know your energy and desire to explore the world can frustrate adults at times. But never lose that inquisitive mind. Always keep learning and learning more about God and His wonderful world.

I will truly miss you all. I am sure I will run into many of you at community children's activities. I will also get to see you grow through your parents FB pages.

You will be in my prayers.

Thank You so much for letting me to share with you over these seven years.

With all my love,

Miss Donna
